Science and Technology Park

of the Palacky University in Olomouc

THE BRIDGE BETWEEN THE SCIENTIFIC AND ENTREPRENEURIAL WORLD

The Science and Technology Park of the Palacky University in Olomouc offers for rent offices and manufacturing space for trial production, as well as consultancy services and the possibility of using the laboratory equipment and accumulated know-how of the Palacky University, with attractive rates and conditions.

BUSINESS INCUBATOR

Offices and manufacturing space for rent at the "best address" for companies with a unique idea and focus. We offer 2 600 sq meters for rent. We help companies to start business free of charge or else at the lowest possible rates.

CONSULTANCY SERVICES

We provide advice on business plans for starting companies, financial consultancy and management, assistance with intellectual property rights and venture capital. Professional services for a favourable price.

RESEARCH, CUSTOMIZATION AND ANALYSES FOR COMPANIES

We make available to our clients top laboratory equipment and know-how from the Palacky University, primarily in the areas of pharmacy, chemistry, biotechnology, optics and nanotechnology. Technology transfer between companies and the Palacky University makes the development of new products, services and technologies possible.
